

BRIGHT FUTURES

WELCOME TO OXFORD INTERNATIONAL
PROUD TO BE CELEBRATING 25 YEARS

WE CREATE LIFE-ENHANCING LEARNING EXPERIENCES THAT
HELP STUDENTS WORLDWIDE TO DEVELOP PERSONALLY AND
PROFESSIONALLY AND THAT ENRICH THEIR FUTURE OPPORTUNITIES.

Oxford International was founded in 1991 by Robert Darell and David Brown, with the help of Prince Charles' Business Trust (they lent us the money)! Over the last 25 years we have helped educate more than half a million students.

Since 1991, Oxford International has developed into a unique accredited global education provider with programmes in the UK, Canada and the US.

We have an extensive portfolio that covers educational study trips, English language schools, sixth form colleges, university pathway and partnership programmes and TESOL teacher training courses.

We have a strong desire to lead in the international education market. We remain focussed on quality and always put our students and their goals at the heart of everything we do.

OUR VALUES

We create life-enhancing learning experiences that help students worldwide to develop personally and professionally and that enrich their future opportunities. Our core values are at the heart of what we do. They define who we are, how we work together and how we relate to each other. They're our DNA.

INTEGRITY: We build relationships through trust, honesty and respect

PASSION & PRIDE: We love what we do and strive for excellence

CARE: We put our students and their goals at the heart of everything we do

CREATIVITY: We are not afraid to be different and we celebrate innovation
Oh, and we believe that a **SMILE** goes a long way...

WHICH COURSE?

Know your level, understand your targets, choose the appropriate course and pick a location. It's as simple as that!

WHAT IS MY CURRENT LEVEL?

We teach up to 7 different levels in our schools, based on the Common European Framework of Reference for Languages (CEFR). In order to learn effectively, it is important that you study at the correct level, with students of similar ability. The table below shows the different levels of classes at our schools, indicating the communicative skills you will have when you complete each level.

The progress you will make with us depends on a number of things. We expect most students to progress to the next level after 12 weeks, if studying 15 hours per week. This time may be longer

or shorter, depending on many factors. The key to progress is to practice English outside the classroom; with other students on the social programme, with your host family or through doing homework.

When you arrive at the school you will be given a placement test and we will discuss your individual priorities, strengths and weaknesses, in order to find the best class for you. You will have regular tutorials and progress tests during your course to make sure you are making the most of your time with us.

WHICH COURSE WILL HELP ME PROGRESS?

	Beginner	Elementary	Pre Intermediate	Intermediate	Upper Intermediate	Advanced	Proficient
Level	IELTS	Description of expected abilities at the end of the course				15hrs	
A0		Able to use simple expressions and phrases to communicate basic information in simple social interactions.				10 - 12 wks	
A1		Can exchange information relating to basic tasks in familiar and routine situations.				10 - 12 wks	
A2	3.0	Able to understand and communicate purposefully to meet the requirements of relevant social contexts.				10 - 12 wks	
B1	4.0 - 5.0	Able to understand clear speech and talk about a range of familiar topics, expressing opinions, plans, explanations and reasons.				10 - 12 wks	
B2	5.0 - 6.5	Able to understand more complex extended texts and produce coherent discourses using an appropriate range of vocabulary and grammatical constructions.				10 - 12 wks	
C1	6.5 - 7.5	Able to discuss a wide variety of topics fluently and accurately, recognising differences in register and emphasis, and demonstrating an extended range of organisational and structural devices and vocabulary.				12 - 14 wks	
C2	7.5+	Able to follow very complex written and spoken texts fully, with an appreciation of style and nuances of meaning. Able to express ideas spontaneously and fluently, using linguistic and paralinguistic devices to convey meaning clearly and accurately.				12 - 14 wks

OUR COURSES

Every student has different goals when it comes to learning English. We offer a wide range of course options to suit all needs and ensure success.

General English classes

These classes work on the **four skills** (reading, speaking, listening and writing) and have a **strong grammar and vocabulary input** appropriate to the level of the class. The focus is on the presentation of new language, and using the communicative teaching approach, to enable the student to **practise in real-world situations**. The course books that are used are mapped to the **CEFR framework and ALTE Can-Do statements**.

These classes also have **bi-weekly progress tests**, which review learning from the previous two weeks, as well as **individual student tutorials**, in which the student and teacher discuss the student's **individual learning needs**.

Skills classes

These classes promote competency in the **four skills** (reading, speaking, listening and writing) as well as having a **focus on pronunciation**. Each week has a dedicated topic, drawn from the materials set aside for these classes. The content is also drawn from student requests and **needs identified by the teacher**. These classes are designed to enable the student to use what they have learnt in class or in their daily lives.

Exam classes

These classes **focus on language and skills required for each specific exam**, as laid out by the accrediting bodies and course books written for the exam in question. There is also a focus on exam **task awareness** and the development of **strategies** to cope with the exam, plus **timed practice** under exam conditions. Class content is focussed on the requirements of the exam being taken.

One to One lessons

These focus on the **specific requirements** of the student. For example, if the student plans to go to university, the One to One classes could focus on academic English skills and development of strategies for writing and reading. If the student needs English for their job, we can help identify **specific language requirements**, and devise a programme to focus on meeting those particular language needs.

Self Study

All students have access to the school's online learning platform. You can choose from a number of self-study exercises; **Entry test feedback:** First you do an entry test. You can see the results immediately, and you will be directed to different exercises which focus on the mistakes you made in the test. **Genuine reading texts:** These are authentic reading texts from recognised news websites (e.g. BBC). The tests all have vocabulary lists and vocabulary tests. **Study plan lessons:** These have materials relating to a wide variety of topics. You can practise reading, listening and writing skills and practise vocabulary in relevant contexts. **Examination practice:** You can practise exam questions for IELTS or other English exams. **External Links:** These link to a variety of different study support pages (e.g. British Council), and additional exam practice papers.

STUDENT ACADEMIC SUPPORT

We have educational strategies in place to ensure that each student progresses well and reaches their full potential.

Extra Language Practice

- Gain practical information and feedback
- Explore language related issues
- Obtain extra study materials
- Review exams

Student Support offers **extra language practice** and input to students who feel they would like extra help in a certain area. Student Support is a **15 minute 1-to-1 session** or sometimes a **drop-in session**, overseen by our most experienced teachers.

Online Platform

Using our **online platform**, students can request **specific help**, for instance: "how can I construct better sentences?", or "How can I write more cohesive IELTS style essays?" This service, while available to all our students, is **especially useful for students who are finding one specific skill, for example writing, particularly difficult to improve**.

For Cambridge exam students who want extra exam practice and feedback, particularly with speaking, it is possible to book sessions in student support.

We identify your needs by

- Discussion and disclosure before enrolment
- Initial testing and needs analysis upon arrival
- Fortnightly progress testing
- Monitoring through the **student tutorial system**

WELFARE

Our carefully prepared welfare programme is in place to make sure all students are happy, healthy, safe and protected whilst studying with us.

OUR STUDENT WELFARE POLICY COMMITTMENTS

- ▶ Your welfare is paramount
- ▶ All students have equal opportunities, regardless of age, religious beliefs, culture, sexual identity, racial origin or background
- ▶ We will provide academic and social programmes which are appropriate for students' age and maturity, and the location of the school. These will encourage linguistic, social and cultural development
- ▶ We promote tolerance, understanding, positive interaction and respect for privacy and possessions
- ▶ We encourage students to develop a sense of responsibility for themselves, for others and for the environment
- ▶ All students have the right to protection from abuse, regardless of age, religious beliefs, culture, sexual identity, racial origin or background
- ▶ We raise awareness of student protection issues
- ▶ All staff have a responsibility to report any concerns to the Principal

The safety and well being of all our students is our primary concern, and is something we take very seriously. Junior and adult students study in the same school, but are placed in separate classes. We are passionate about creating a school life that enables every student to flourish. For us, a school is not just about teaching and learning. We also need to attend to the well being of our students.

Our Staff

Our staff are accustomed to helping people from different backgrounds and cultures and are experienced in dealing with a wide range of personal or study related issues.

Risk Assessments

Our activity and excursion programmes are very carefully organised and planned. Student safety is of the utmost importance. We ensure this by carrying out detailed and regular risk assessments of all our activities and excursions, wherever they are held.

We take extensive measures to ensure the safety and well-being of juniors after their arrival and throughout their course;

- ▶ Dedicated safeguarding officer in each school
- ▶ Named staff who students can speak to if they have any problems
- ▶ Personalised student ID card provided on arrival, which contains the school's 24-hour emergency telephone number
- ▶ Students aged under 18 who are not members of study groups are asked to sign in each day when they arrive at school
- ▶ Curfew times for host family accommodation
- ▶ Social programme activities are always supervised by a member of our staff
- ▶ Emergency next of kin contact details are kept with the 24-hour emergency phone - so that we can always reach parents in case of urgency
- ▶ All students receive a detailed induction, during which we explain UK laws and rules which are relevant to their age group, give advice on personal, road and transport safety

Arrival

We recommend that all junior students (aged under 18) should be met at their point of arrival by a member of staff. Groups are met by a staff member and taken to their accommodation. Appropriate information is given to group leaders and students when they arrive, in addition to the induction they receive on their first day at the school. All students have a 24/7 phone contact, and if appropriate, id cards.

Medical And General Insurance

In Britain, free medical treatment is available through the National Health Service to all EU students and students from countries with reciprocal health agreements. Students who are not covered by the National Health Service are advised to take out medical insurance before leaving their home countries. We strongly advise students to take out individual personal insurance to cover personal belongings, etc, before they come to the UK. In addition, in case of any medical matters arising, all centres have staff members trained in First Aid, and all centres have first-aid kits on site, as well as close links with local doctors, dentists and hospitals.

Our standard programme

Every student has different goals when it comes to learning English. We offer a wide range of course options to choose from at all our schools in the UK. Whether it's to add fluency in English, explore a diverse range of cultures or just to have a unique and unforgettable experience abroad, we offer a fun, diverse and tailored selection of group programmes to suit your needs.

Each programme can be completely tailored to the needs of the group both in terms of academic content and of activities. We offer homestay as standard making the experience fully immersive for our students. We can also offer hotel, residence and hostel accommodation dependent on availability.

Basic Package

- 15 hours General English tuition per week
- Entry test and all course materials
- Host family accommodation in twin, full board (with packed lunch)
- Travel card/bus pass

Optional extras

To make your group's study experience even more memorable, you may wish to enhance your programme by adding optional extras, including:

- Airport transfers from any London airport
- Morning or afternoon excursions
- Full day weekend excursions
- Extended tuition hours
- Bespoke syllabus and exam courses
- Subject focused courses
- Range of accommodation options

Accommodation

We offer homestay as standard with twin rooms for students and single for group leaders. All of our homestays abide by British Council regulations. The hosts treat students as full members of the household, eating together and sharing the common living areas. Homestays are all located within 45 minutes of the school by public transport.

Academic

Our in-house syllabus is unique to OIEG. The lessons are designed to increase confidence, build on the natural enthusiasm that young learners already possess and focus on their communicative capabilities. By following an integrated curriculum of topic based lessons, collaborative projects, and real life language, students are able to progress with the help of qualified, dynamic teachers. With many years of experience delivering lessons to younger and teenage learners, our staff are constantly updating and improving lesson content, in order to maximise the learning experience.

CANADA & THE USA

Eurocentres Vancouver, Toronto & San Diego proudly offer programmes tailored to students’ specific needs in three of North America’s top destinations.

We have been providing international students with quality language training, the highest level of service, a caring individualised learning environment and the best of North American culture and hospitality since 1990. All students have an individualised study plan, which is overseen by their core teachers with careful attention to each student’s specific needs. Our comprehensive learning systems provide every student with the opportunity to improve their English skills and move through our levels at the fastest rate possible. We are dedicated to each student’s success and we are confident that our commitment to excellence will give them the key to pursue their language goals, opening doors to a world of opportunity.

Key Programs

Adult Programs

Adult courses are available on a year-round basis at our schools in Vancouver, Toronto and San Diego. Small class sizes and an individualised and specialised approach position us as a leader in English language training. We offer the most important and popular electives in ESL preparing students for their academic, professional and social futures with English. Students have constant feedback and support from our Academic and Client Services staff including weekly progress meetings with one of our accredited and highly qualified teachers.

Junior Programs

We offer individual and group summer courses in Toronto, Vancouver and San Diego.

Year Round Groups

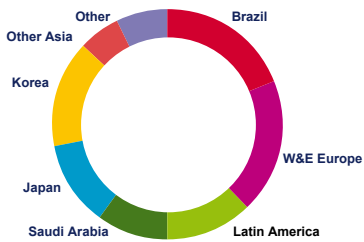

We offer tailored group programmes for all ages that can be accommodated year round at all three campuses.

Pathway Programs

Through our partnerships with 23 leading colleges and universities, our North American schools provide students with the opportunity for a seamless entry into a North American college or university.

UNIVERSITY PARTNERSHIPS

We now offer a route into some of the UK's top universities. Our preparation programme supports prospective students.

Oxford International's University Partnerships division gives international students the chance to realise their academic and career dreams by studying at a prestigious UK university. In collaboration with our university partners we have established on-campus, embedded Colleges where students come to study integrated bachelors programmes in a great range of subjects, over three or four years. At Postgraduate level we offer integrated master's programmes that combine specialist learning with English language and academic support.

Bangor International College

BIC is a specialist Embedded College offering Integrated Programmes, where international students can begin their studies at Bangor University. BIC delivers the first stages of the International Incorporated Bachelor's Degree and the International Incorporated Master's.

- Small classes
- Experienced teaching staff
- College at the heart of the Bangor campus and close to accommodation blocks
- Students who successfully complete their first year at BIC can continue their studies on degree programmes at Bangor University
- English training with additional pre-sessional options

Canterbury International Pathway College

The CIPC centre, based in the heart of the Canterbury campus, runs quality preparation courses to ensure that international students can tackle academic study with confidence. Every student who successfully completes their CIPC course is guaranteed a place on an eligible degree programme at the University. They will join a growing international community of undergraduate and postgraduate degree students. From day one, CIPC students are part of the University with full access to all the facilities, including the award-winning library and modern sports centre.

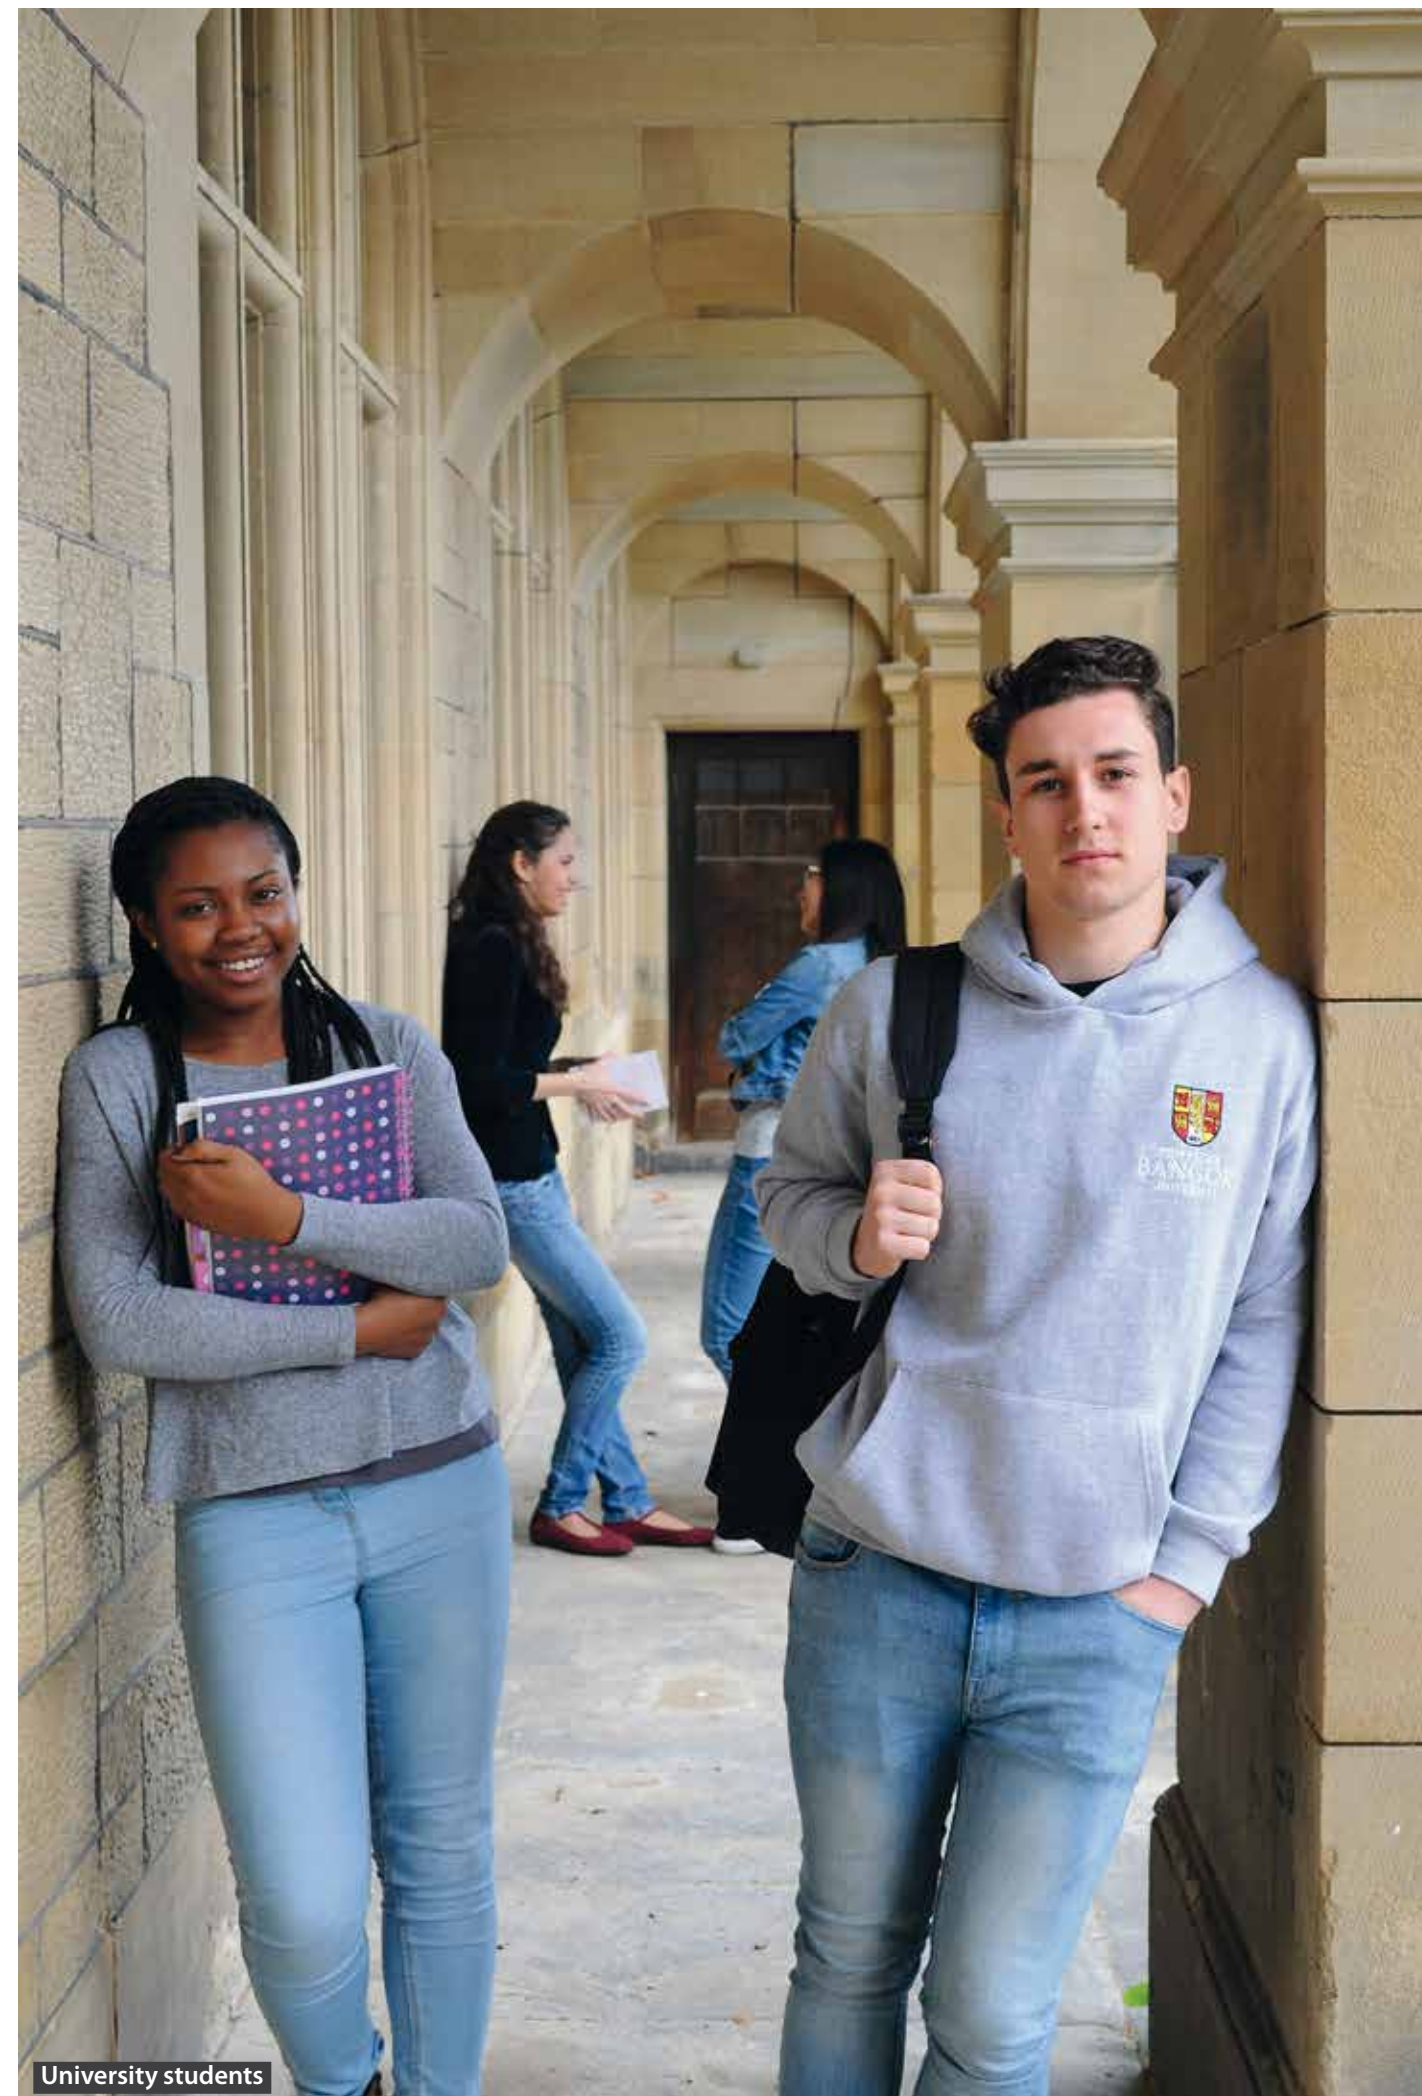

- Guaranteed places on eligible degree courses for all successful students
- Full student support and guidance service
- A quality university preparation programme
- Part of university life from day one
- Taught in first-class facilities at the heart of the campus

Leicester International Pathway College

LIPC is based at the heart of DMU's campus - a few minutes' walk from the city centre and just over an hour away from London by train. From the day students begin their studies they automatically become part of DMU - a truly international university with students from more than 130 countries. For undergraduate studies, students will study either Stage 1 (IYZ) or Stage 2 (IFY) of their degree within the College, before joining Stage 2 or Stage 3 at DMU to complete their undergraduate studies. For postgraduate studies, students will study Stage 1 (Pre-Master's) within the College, before joining Stage 2 at DMU to complete their postgraduate studies.

- English language and study skills taught throughout each course
- Specialist support and teaching in small classes by experienced tutors
- Flexible courses with multiple start dates throughout the year

ONE-TO-ONE HOME TUITION

Home tuition immersion courses are a unique opportunity to live and learn at the home of our professional and experienced teachers.

HOME TUITION

- ▶ Live and learn at the teacher's house
- ▶ Personalised 1:1 lessons in the morning
- ▶ Cultural activity programme with the teacher
- ▶ English immersion environment, where only English is spoken with the family

Bucksmore Homelingua is a leading provider of premium home tuition immersion courses in the United Kingdom and Ireland. The one-to-one immersion environment allows students to study in a safe, personalised learning environment with full attention from the teacher.

Our students live, study and explore the UK and Ireland as part of their teacher's family, using and improving their English throughout their entire stay. Bucksmore Homelingua has been offering home tuition courses in the UK for over 20 years, helping students achieve their individual language goals.

Year-round immersion courses

We have a full range of quality premium adult immersion courses designed to help you make the maximum progress possible using the Homelingua Advanced Learning System.

The Homelingua academic team and your teacher will discuss your requirements and study goals with you, then design a personalised course to meet your needs.

We take great care in matching you with a teacher who shares your interests and hobbies, resulting in a fantastic learning, cultural and personal experience. The total immersion environment will help you build confidence as well as improving both your accuracy and fluency.

English courses

English Immersion - A General English course tailored to your needs. Make rapid, targeted progress whilst enjoying cultural activities with your teacher.

Exam preparation - Our exam specialist teachers will prepare you for international exams (IELTS, TOEFL, Cambridge) or university and professional exams.

Specialist courses

Business English - Our specialised business courses will help improve your business vocabulary in areas such as finance, accountancy, legal English, marketing and sales.

Presentation Skills - Develop presentation skills and confidence in public speaking. The course will cover presentation techniques, fluency and pronunciation work as well as practical presentation practice.

High Standards

At Bucksmore Homelingua we pride ourselves on providing a personal service with very high standards. This ensures that our students have an academically successful and enjoyable course, in a safe learning environment.

Only about 10% of teacher applications are successful. We only work with the very best and all teachers are personally inspected by head office staff.

Our courses are 100% personalised to each student. We do not use a pre-set curriculum and design each course around the student's needs and study goals.

Throughout the year we offer our teachers training and development opportunities helping to improve standards and teaching quality. We also observe our teachers every year.

We manage all courses directly from our head office. This includes a 24/7 emergency phone line, pre and on-course support, including a welcome call to the teacher and student.

What's included
