Breaking Your Language Barrier

The 21st century is the most connected era in history. Around the world millions of people use English as the principal form of communication.

On social media sites, on Facebook, in daily news, for business and for sport - English connects people to friends, family, the workplace and other cultures.

Over 46 years Concorde International has helped thousands of students succeed in improving their English. English is an essential core skill which everyone needs in order to achieve their goals and progress their careers.

At Concorde International we have a range of courses to suit your needs and your level of English. We are committed to helping you succeed as we recognise that this is an important investment of your time for your future.

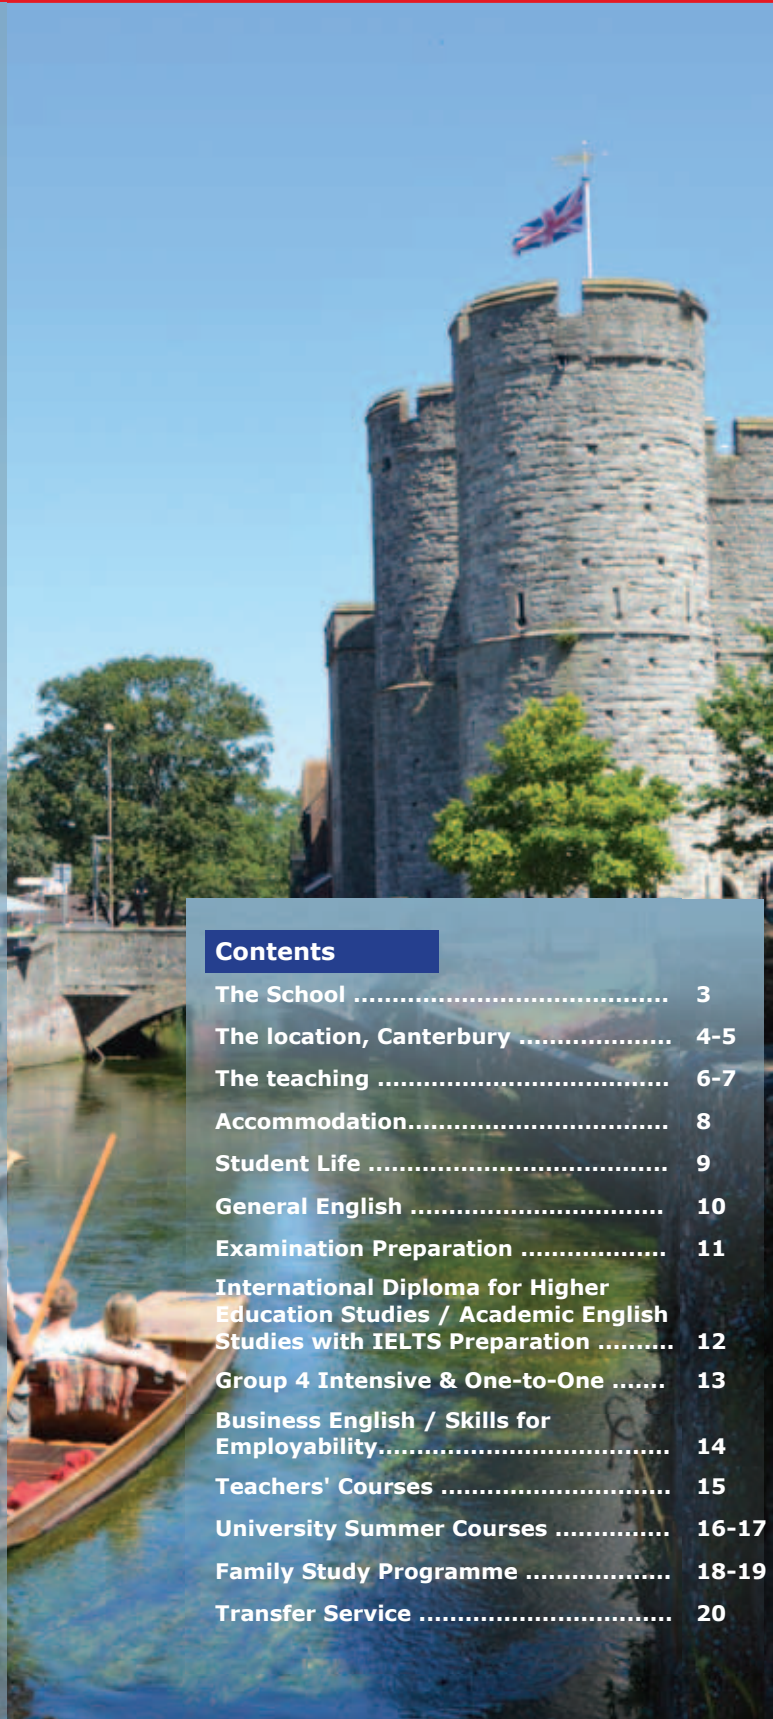

Whether you choose a short-term or a long-term course, - nothing can replace the face-to-face sessions in a small group dynamic, or with individual tutorials.

We are here to assist you at every stage, from your arrival at one of England's busy airports, to providing accommodation in warm friendly homestays or, for those who want more independence, in our student self-catering residence.

This historic, famous city of Canterbury with its world-class heritage, culture and festivals offers a great opportunity to immerse yourself in a very English corner of England, to be in a safe environment, which is very easy to get around on foot, and with 3 universities and 36,000 students - there is always something to see and do - it is quite rightly called 'a city for all seasons'!

I look forward to welcoming you here in Canterbury!

"I came to Canterbury in May 2016. Studying at Concorde International for 1 year was a great experience. I took General English and IELTS courses there. When I started the course, I wasn't confident and it was difficult to communicate in English, but I received great support from kind teachers and school staff about my studies and life in Canterbury.

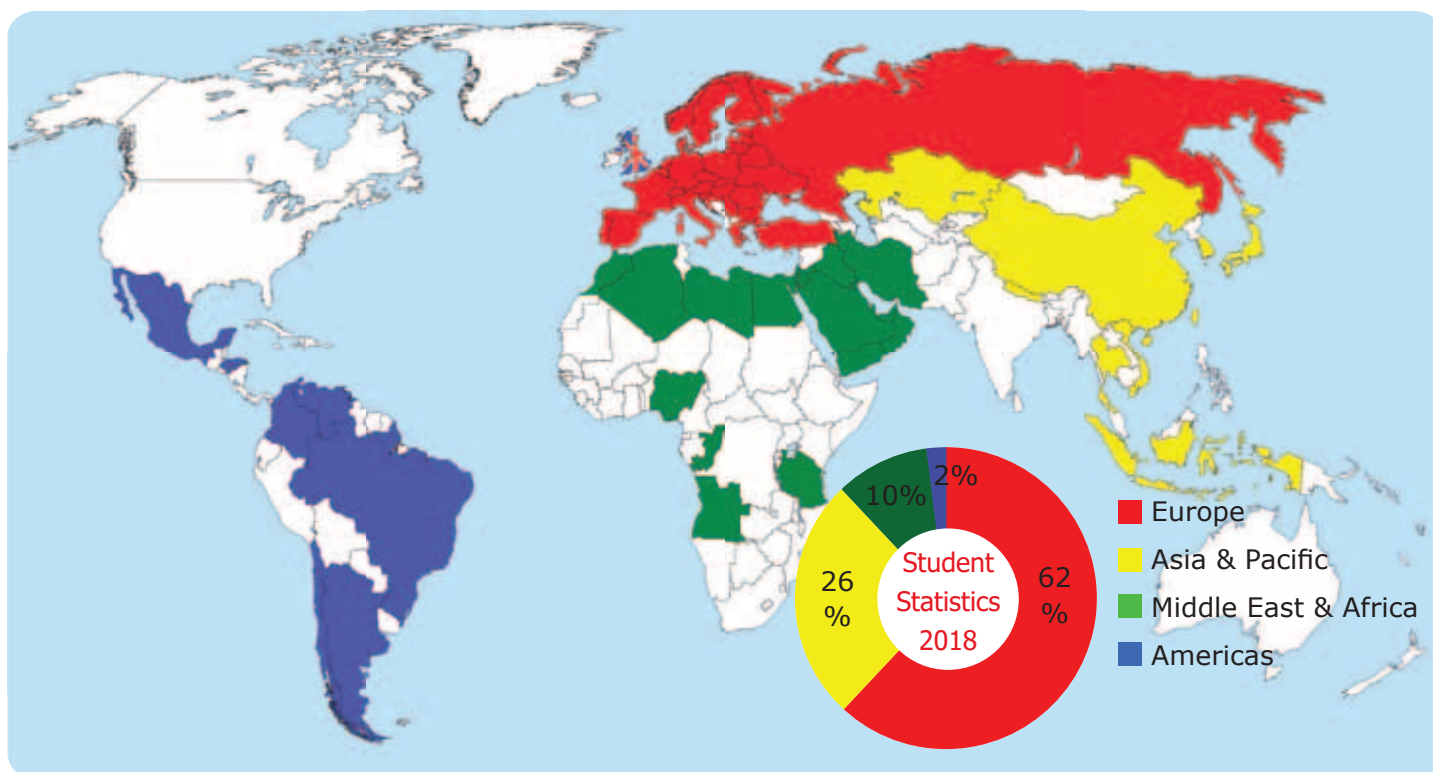

Finally, I was able to reach IELTS 7.0!

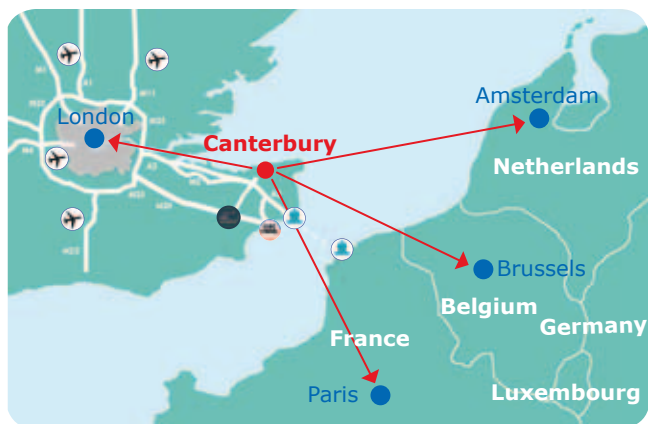

Living in Canterbury was not just about studying English but also I had opportunities to learn new culture from new friends from various countries including Italy, Spain, Korea, China, Germany, Taiwan etc.. I am still keeping in touch with them. They are friends in my life!"

Course Pathways at Concorde International

We understand that our clients have very different preferences when it comes to choosing their accommodation. Therefore we are pleased to offer the following choices for our students in Canterbury.

Homestay Accommodation

Most clients choose to stay with one of our hosts where a warm welcome is guaranteed. Students have a single room and the host provides breakfast and dinner each day.

Students enjoy the opportunity to practise their English outside the classroom and experience life in a British home.

Generally, students of the same nationality are placed in different homes unless friends ask to be placed together, however in peak time this may change.

Our hosts are located throughout Canterbury, and the nearby seaside towns of Whitstable and Herne Bay.

In Canterbury, some students will be able to walk to school each day. Others will need to take public transport.

Student Residence

Modern accommodation with comfortably-sized single, double and twin bedrooms, a large self-catering kitchen and cosy living room. It is located close to a supermarket, on a direct route into Canterbury. This is an ideal residence for those students who wish to enjoy independent living with international friends.

- Large 13-bedroom residence with Wi-Fi access.
- 15 minutes' walking distance from city centre.
- En-suite single and twin rooms, shared facilities.
