ABOUT US

Establishment & Opening

In 2005, our school first opened its doors as Manchester Central School of English with the aspiration to become a leading English language school based in the heart of one of the UK's most historic and influential cities.

New Learners

In 2008, three years after our establishment, we welcomed our first student group to our school.

Group bookings are commonplace at MC Academy and we welcome numerous student groups from over 50 different countries each year.

Relocation

In 2010, our school relocated from its former premises on Fountain Street to our current location in Piccadilly Gardens - the bustling heart of Manchester!

Since our relocation over a decade ago, MC Academy has continued to grow and has doubled in size to accommodate our diverse array of students from around the world.

The Introduction of CELTA

In 2012, we welcomed our first trainee teachers to our school to study the CELTA course. MC Academy continues to offer trainee teachers the option to earn a globally recognised certificate in teaching to this day.

The First Summer School

In 2016, we opened our first Summer Camp for junior students. The Summer Camp programme is one of the most popular and demanded courses at our school and welcomes over 200 junior students from around the world each year.

The Rebrand

In the September of 2019, Manchester School of English officially rebranded to become MC Academy. With new ventures on the horizon, our rebrand reflects our aspirations to expand into various other cities across the UK and beyond!

The Online Migration

In early 2020, we introduced online courses to our course portfolio to provide students with access to English language learning regardless of their current location. Our online courses remain a popular choice amongst students to this day!

The Rebrand

In present day, MC Academy continues to diversify its course portfolio and continues to welcome students from more countries than ever before. Our aspirations for the future continue to grow and we look forward to welcoming more students to begin their English language journey at our friendly school.

CELTA - TEACHER TRAINING

Teach English to speakers of other languages

Our CELTA Teacher Training course provides trainee teachers with the confidence and the skills to teach English to speakers of other languages.

The CELTA course is the most widely recognised English teaching qualification in the world and is requested by many employers in the education sector.

About the CELTA Course

The CELTA course at MC Academy trains you in all aspects of teaching, combining 120 hours of contact time with over 80 hours of individual learning. In particular, the course combines the core elements of input sessions, teaching practice, and assessment.

Input Sessions

Trainees participate in task-based workshops, lectures, and practical activities focusing on learner awareness, language analysis, phonology, methodology, and career development.

Teaching Practice

Trainees teach classes of international students and gain a genuine experience of the teaching and learning process. Tutors provide help with lesson preparation, and by the end of the course, trainees will have taught at two levels and have completed a total of 6 hours of teaching (in compliance with Cambridge guidelines).

Assessment

While there is no examination, assessment is continuous and is carried out by the course tutors and a Cambridge assessor who ensures that tutors work consistently and in accordance with guidelines.

“The course exceeded my expectations in terms of support with lesson planning and feedback. The tutors helped me to adapt the textbook to the lesson frameworks. The feedback was encouraging and constructive.”
